EXPERIENCE:

September 2010 – Current, Hale Library, Kansas State University, Manhattan, KS

January 2016 – Current, Associate Professor, Academic Services Department
Responsibilities: Provide specialized instruction and reference to students and faculty within the STEM disciplines, most specifically in the areas focused on public health. This includes, but is not limited to, food, nutrition, dietetics, and health (athletic training); kinesiology; communication sciences and disorders. The focus of this instruction and reference is to effectively integrate information literacy and library resources into the groups' respective instruction and research. Pursue scaffolding of library resources into appropriate disciplines via department presentations, conversations with faculty, and other avenues as available. Work collaboratively with STEM colleagues by providing back up and/or taking on additional responsibilities for other STEM disciplines as assigned.

September 2010 – January 2016, Assistant/Associate Professor, Undergraduate and Community Services Department
Responsibilities: Create reference and instruction services for an undergraduate population. Advocate for undergraduate students and members of the community. Facilitate Access Services staff to ensure library policies and procedures are correct and proactively enhance services. Provide leadership in the development, enhancement, coordination and promotion of library services and services primarily related to

agriculture, business, kinesiology, and consumer and public health. (Granted tenure and promotion to Associate Professor – June 2014)
